Operation Maintenance and Repair Services

RJY Group, LLC offers a full spectrum of high-performance mechanical services. From HVAC, Plumbing, Boiler and Chillers, UPS Maintenance or Diesel Fuel Maintenance, as well as 24/7 emergency response, RJY Group has you covered!

- **Preventative Maintenance**
Provides for routine inspection of equipment and records.
- **Predictive Maintenance**
Identifies potential unplanned failures before they negatively impact your facility and budget.
- **Emergency Service**
Gets your system back online, quickly and efficiently.

IT Logistics Services

IT Software and Hardware Asset Management is a set of proven IT practices that unite people, processes, and technology to control and optimize the use of software across an organization. RJY Group uses technology and project management to help solve problems of vital importance to our customers. Our solutions are efficient, cost-effective and repeatable.

- **Medical Supply/Equipment Audits**
RJY Group specializes in the audits of medical supplies and equipment, and previously completed an audit for the VA Medical Center Houston. The purpose of the medical closet audits was to match the items listed in the VA Medical Center enterprise application against those present in the Careline Medical Closets. Our final report established 8000 scans.
